

CALL FOR ART: 2022 @ Art Works

LIFE IS IN THE DETAILS

CALL FOR ART: All Makers, 2D, 3D, literary and performance artists are encouraged to apply for Art Works' 2022 exhibit series LIFE IS IN THE DETAILS. In 2022, we need to take a deeper look at the little things in our daily lives. Appreciate the details of the human form, the mechanics of things, and the healing contributions made by the work of artists. Small things can be made large, large things can be made small. What details do you notice? Plan to participate in our full season of exhibits. Use the QR code above to read the complete details, apply online, and learn more about exhibits at Art Works.

"5th Annual Member/Supporter Show"

(Art Works: May 3 - July 15, 2022; Ames Center: six weeks August-September)

About the Exhibit: The Annual Member/Supporter Show is intended to celebrate the work of [member artists](#) and [makers](#) who create at Art Works, as well as the work of the larger community of [supporters](#) whose contributions make programming happen here every day. Joint work created by two or more artists will receive special preference for collaborative elements. Only one artist from any collaboration must be a member or supporter at Art Works; we welcome submission of collaborative pieces you have created with other friends from the community outside of Art Works. Challenge yourself and spend some time making art with other artists! We will also accept submissions of solo work, but these submissions should not have been shown at Art Works before and should not have been shown in the south metro community in the last two years. Consider this year's theme of Life in the Details - how did you plan the collaboration, how did you decide who would contribute what parts and why? Collaborative work takes a lot of cooperation to work out the details and contributions to the whole. Expand on that idea.
