

CALL FOR ART: All Makers, 2D, 3D, literary and performance artists are encouraged to apply for Art Works' 2022 exhibit series LIFE IS IN THE DETAILS. In 2022, we need to take a deeper look at the little things in our daily lives. Appreciate the details of the human form, the mechanics of things, and the healing contributions made by the work of artists. Small things can be made large, large things can be made small. What details do you notice? Plan to participate in our full season of exhibits. Use the QR code above to read the complete details, apply online, and learn more about exhibits at Art Works.

“Cling: Something Important Made Large” (Show runs from Nov 1, 2022 - Jan 20, 2023)

About the Exhibit: Art is often emotional. Artists create for many different reasons. Select work that is important to you and submit that image as a jpeg with the photo parameters below. The gallery committee will take that image, enlarge the whole image or a part of it, and print it on clings. The clings will then be installed by the gallery committee on all of the walls at Art Works. **Watch this short (LINK) VIDEO to get a clear idea of how the work will be exhibited. For more ideas of how to envision your work as a cling, watch this second (LINK) VIDEO.** This exhibit is an opportunity to submit all sizes and shapes of work including pieces that you have created that may be too large to frame or to have in a regular exhibition. The gallery spaces will be wrapped in art everywhere in the building. Think about it as art of all mediums and sizes wallpapering the building. Your 2D or 3D work becomes a billboard for others to enjoy as it hugs a wall. In this Art Work's exhibition, artists are guaranteed at least two submitted pieces in the show. There will be no drop off of work, and no framing needed. If artists need help to photograph their work for the exhibit, appointments are available. Please email gallery@artworkseagan.org preferably before, and no later than August 10 if you are unable to take a quality photo with your phone or other device. **Photo Parameters:** Please remove any glass from your piece before photographing so that there is no reflection. If possible, zoom in so the framing is not visible. Even smart phones can take a high quality photo, you do not need a special camera. Art Works is

excited to bring this new format of your work to the gallery! Your file must be a jpeg. No other file types will be accepted.

Show Timeline:

- Application Deadline: Thursday, August 25, 2022 at 11:59 p.m.

The cost of this application covers the increased administrative time associated with designing and ordering digital prints, but should be less cost prohibitive than matting/framing/transporting your art for a typical exhibit. - Digital submissions will be edited, curated, and printed on wall clings for installation by Art Works gallery committee. Each artist is guaranteed two images will be used if submitted by the August 25th deadline, or if nothing is deemed appropriate for the exhibit for any reason, the fee will be fully refunded to the artist. Artists will not be notified of which pieces are chosen, but artists can expect to have a general acceptance email with further exhibit details. There is a chance that Art Works may accept submissions after the deadline, but there are no guarantees.
